

Blow-dry only salons are popping up nationwide, offering an affordable luxury to women. We provide the fresh from the salon feel but with the everyday convenience. We leave cuts and colors to the salons – Blowout is all about great blowout style for about thirty-five dollars – it's faster, more affordable, and so much more fun than your typical salon!

HOW LONG CAN YOU EXPECT A BLOW OUT TO LAST?

Your blowout will last you several days before you need to wash your hair or come back for another blowout at Blown Away. We will help you get ready for a long week,
